Independent Task

This is an activity you could start this week but you might like to continue it during the Summer holiday's.

We all have different interests as we are all unique. I would like you to complete a mini project on a subject of your choice, this could be an animal, a place, a person, a favourite character or game, a sport or even a band.

You can carry out your own research and make a scrapbook or presentation all about it.

This could include facts, pictures, videos and crafts.

You could take photographs of your work and send it to me via Dojo during the holiday's, it would love to see your work and I know your new teacher would enjoy finding out about what interests you.
